

Dear Panther Parents,

We are excited that Caney Creek High School is able to offer late buses for our students.

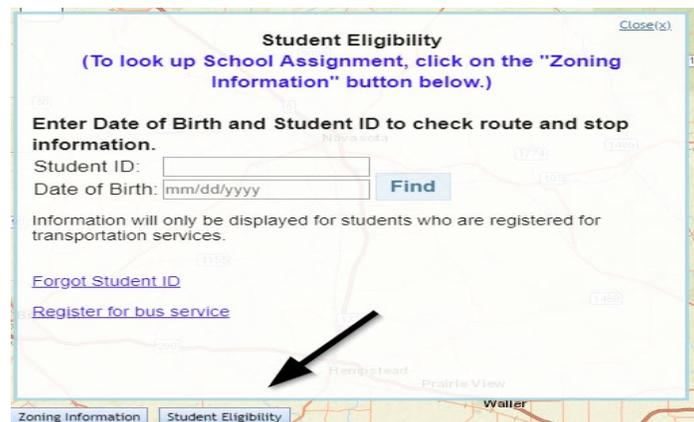

Students involved in extracurricular activities, tutorial programs or after school detention will have the opportunity to utilize our late busses.

The following are important details pertaining to the late bus system. Please read over these new details carefully.

1. Each late bus run will be designated by a color rather than a number. Our **eight** late bus run colors will be **red, teal, silver, maroon, brown, green, gold and purple**.
2. Each late bus will stop at the same designated stop Monday through Thursday. This new system resembles more of a “Metro” type of system than our previous late bus system. These satellite stops are **not intended to be within a short walk to each student’s home**, but more of a central place where **parents may pick up their children without having to drive all the way to campus**.
3. Your student will be given a standardized late bus pass from their teacher in order to ride the late bus. The teacher will be printing this pass from our View-it system and it will contain all of the information the bus driver will need to drop off your student at the correct location.
4. A student will not be allowed to ride the late bus if they do not have a late bus pass or if it is not signed by a teacher.
5. Also, a student will not be dropped off at any location other than the one that has been assigned to them by View-It which is based on their current address.
6. All satellite stops have been chosen for their safety features (large parking lot for waiting parents, well lit, public place, etc.).
7. These satellite spots are subject to change. If for some reason there is a change you will be notified via phone and/or email.
8. If you would like to view your route information to include late bus stop information, please visit our parent portal at routeinfo.conroeisd.net (please use Google Chrome).

The Parent Portal is a web based tool that allows the user to determine the satellite stop closest to your address.

Clicking on the “Student Eligibility” option at the bottom of the screen will allow the user access to determine if their student is eligible for transportation services and if so, what the assigned transportation is for their student.

The screenshot shows a web form titled "Student Eligibility" with a "Close(x)" button in the top right corner. Below the title is a blue instruction: "(To look up School Assignment, click on the 'Zoning Information' button below.)". The form asks to "Enter Date of Birth and Student ID to check route and stop information." It includes input fields for "Student ID:" and "Date of Birth: mm/dd/yyyy", followed by a blue "Find" button. Below these fields is a note: "Information will only be displayed for students who are registered for transportation services." There are two blue links: "Forgot Student ID" and "Register for bus service". At the bottom of the form are two buttons: "Zoning Information" and "Student Eligibility". A black arrow points to the "Student Eligibility" button. The background of the form is a map showing various locations like "Henrieville", "Prairie View", and "Waller".

The user will need to enter the requested student’s ID number and the birthdate to obtain access to transportation information.

Students who are not eligible will be listed as “Not Eligible for Late Run” as well as the students distance to school.

Eligible students will see their transportation information including stop location, route, and run and pick up and deliver times.

A link is provided to assist parents to retrieve their student’s ID number should they not have that information handy.

For those who still need to register for bus service a link is provided for that option as well.

The late bus assignments will be as follows:

ALL TIMES ARE APPROXIMATE AND STOPS ARE SUBJECT TO CHANGE!!
