

TRAINING ROOM TREATMENT/EVALUATION GUIDELINES

No one, regardless of affiliation, is to be denied first aid.

1. Treatments are to be administered only to: Student-athletes from a Conroe ISD High School or Junior High that are injured during certain school sponsored activities.

These activities include:

Baseball	Powerlifting
Student Trainers	Football
Basketball	Tennis
Student Managers	Golf
Cheerleading	Track & Field
Swimming & Diving	Drill Team
Cross Country	Volleyball
Softball	Wrestling
Middle School Athletics	JROTC
Soccer	Band

All of the above must have a current physical on file in order to receive treatment. Only athletes who are involved in a UIL activity will be treated.

2. Any athlete who is under the care of a physician must provide written documentation of treatment protocol, restrictions, and/or release for return to play.
3. Athletes who are members of a school sponsored activity who are injured in non-UIL activities (i.e. club sports, open gyms, recreational, etc.) will only receive first aid care until they are evaluated by a physician. The physician must provide in writing a treatment protocol for the athletic trainer to follow.
4. The Sports Medicine Staff will not treat non-athletic injuries.

NON-ATHLETIC INJURIES

Non-athletic injuries will be seen in the Athletic Training Room under the following guidelines:

- Due to liability concerns, the student-athlete must first see a medical doctor prior to being treated by the Athletic Training Staff.
- The student-athlete must provide a prescription for treatment/rehabilitation from the medical doctor. The information must be specific as to what type of rehabilitation is to be done.
- No injuries that are the result of a motor vehicle accident will be seen.
