

The Conroe Independent School District proudly offers all qualifying employees an excellent benefits package, including a Section 125 Flexible Benefit Plan. Self-funded group medical and pharmacy coverage benefits are administered by United Healthcare. Currently, the District contributes \$446 per month, per employee toward medical insurance premiums, making the cost of employee only coverage as low as \$94 per month. Additional group benefits such as dental, vision, cancer, disability, and life insurance are also available. Conroe ISD has an employee health and wellness center that provides convenient access to experienced medical professionals for as little a \$10 per visit.
